ENROLMENT POLICY – VISAS

Purpose

This policy sets out Evolve College's policy on student and other visas, and who can enrol with Evolve College if they are not an Australian citizen or permanent resident.

Policy

1. Evolve College does not accept enrolments from students on a student visa. Evolve College is not registered with CRICOS. To find a provider that accepts student visa enrolments, please visit https://cricos.education.gov.au.
2. Evolve College accepts enrolments from students who are not Australian citizens or permanent residents and who hold another type of visa, as long as the visa permits study and remains valid for the full duration of their course.
3. Students must be in Australia while they study with Evolve College. Evolve College does not accept enrolments from students studying overseas.
4. Students on a visa are generally not eligible for a VET Student Loan (available for the HLT52021 Diploma of Remedial Massage only). Permanent humanitarian visa holders and certain New Zealand citizens may be eligible. For details, please visit https://www.studyassist.gov.au.

Student responsibilities

5. It is the student's responsibility to meet all of their visa conditions and to tell Evolve College at enrolment that they hold a visa. A copy of the visa must be supplied.

Version V26.01. Approved November 2026. Next review: November 2027.
